Message

I am very happy to know that the A. J. Group of Institutions are bringing up a Bi-Annual magazine "AJTimes".

I hope that this magazine will showcase the achievements of all institutions under Laxmi Memorial Education Trust (R) and it will highlight all the academic and non academic events of the institutions.

My best wishes to the magazine committee and wish the magazine a success.

Sri A. J. Shetty

President

Laxmi Memorial Education Trust

Editorial

Patience, will power, determination, courage and confidence are the sterling qualities of the mind which are indispensable in the struggle of life. Lives of great people are nothing but success stories, where it has been proved that sooner or later the man, who wins, is the man who thinks he can. Thus came into existence the Laxmi Memorial Education Trust (R), the brain child of Sri A. J. Shetty, who has made unbelievable contribution in the field of education and business. Through his unparalleled leadership qualities and humanitarian work has created a niche for himself.

“Destiny is not a matter of chance, but is a matter of choice. It is not a thing to be waited for; but a thing to be achieved”. As we all know, a magazine mirrors an institute, its aims and objectives, it highlights events, activities and academic prowess and achievements. With this magazine - A J Times, we have tried to capture this journey and glimpses of achievements by our esteemed Institutions.

My journey with this magazine starts around few months back and it was filled with mixed emotions. Nevertheless, continuous help from the patrons, editorial advisory board members and peers brought it almost as near to it. 'Persistence paid'. The one and only aim of our team was to finish our humongous task we had on our hands and create a magazine that was meant for every member of the A J family.

I am extremely honoured to put this compilation together as an editor and I greatly owe it to the constant support, encouragement and guidance filled by the Management, especially Sri Prashanth Shetty, Vice President, Laxmi Memorial Education Trust who is the driving force behind this endeavour.

Dr. Francis N. P. Monteiro
Professor of Forensic Medicine & Toxicology
